- 3. Life skills (Yoga, physical fitness, health and hygiene)**
- 4. ICT/computing skills**

1. Soft Skill Development Program & 2. Language and communication skills

**LANGUAGE AND
COMMUNICATION**

SSMV approach

The study revealed that there is a wide gap between the expectations of the employers and students. SSMV has adopted an approach that fills the gap to achieve some degree of two-dimensional approach.

One is the preparation of fresh graduates with employability skills which just don't comprise areas such as successfully cracking interviews in panels or writing resumes but several other programs such as Video shooting of GD Presentation with full Audio and Video systems on stage, classes in Audio Video rooms and online examinations, provide a realistic experience to our students.

What are Soft Skills?

Soft skills relate to how you work. It includes interpersonal (people) skills, communication skills, listening skills, time management, and empathy, among others.

Hiring managers typically look for job candidates with soft skills because they make someone more successful in the workplace. Someone can be excellent with technical, Job-specific skills but if they can't manage their time or work within a team, they may not be successful in the workplace.

Modules Offered

- Basics of communication & Effective communication
- Resume writing & Interview Skills
- Group Discussion & Team Building
- Personal Effectiveness
- LSRW Skills

Outcome

A fresher walking with the required employability skills

- A fresher able to understand the magnitude of behavior in an organization
- A fresher equipped to develop soft skills
- An efficient employee for the organization and he/she is a fresher.

19.11.22

LSRW Skills

*Power Point Presentation in the Department of English.

Students of Shri Shankaracharya Mahavidyalaya gave their presentation on the topics related to their UG syllabus of the Foundation Course of 1-year English language.

In the digital language lab of college, training was given to students to improve their LSRW Skills.

The language lab of college is basically to improve the soft skills of the students so that they will develop their presentation skills, pronunciation, and vocabulary.

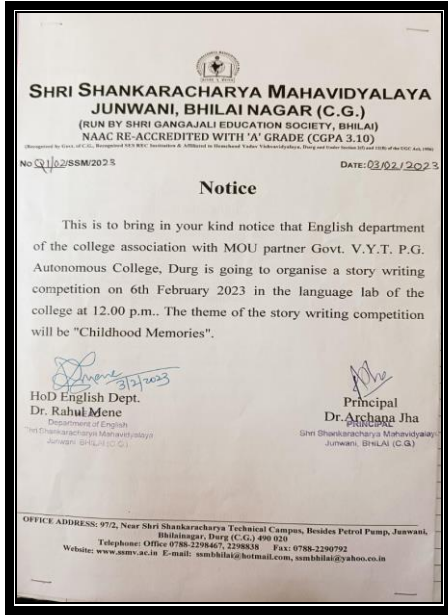

Harsh ,Monika ,Chhaya ,Prateek ,Pranshu ,Anushree,Nidhi gave their presentation on the topics ,Vedic literature ,Constitution of India ,Heritage of Indian art ,Ramayana ,Ideals of Indian art.

Story Writing Competition

English department of SSMV organised Story Writing Competition. The theme of the story writing Competition was "Childhood Memories". Writing a short story helped the students to discover the fundamentals of writing in English as well as proper sentence structure. Competitions like this refresh the memories of the students and added little magic to their imagination. This competition wherein students from different departments participated, gave them a platform to express their ideas and views and to go through their nostalgic moment.

The competition was judged by Sandeep Jashwant, (H.O.D. Management, SSMV) and Dr. Krishna Jibon Mondal (H.O.D. Physics, SSMV). The results of the competition are-

Rabindranath Nath Jayanti

Rabindranath Jayanti is the birth anniversary of Rabindranath Tagore, the creative literary genius. A great poet, music composer, novelist, playwright, painter, humanist, philosopher, scholar and social reformer, Rabindranath was all in one. On this special day PG students of English to pay tribute prepared small videos on his poetry.

3. Life Skills

(Yoga, physical fitness, health and hygiene)

Life Skills

Yoga, Meditation and physical fitness

Overview

Meditation is, of course, the practice of quieting the mind and focusing on the present moment. Though yoga and meditation are different, yoga is often described as “moving meditation” — calming the mind and creating awareness through simple body movements. Yoga being enabler to cognitive skills and physical wellbeing the priority to be given in the education should necessarily get its due. All over the world the educational systems have floated the Yoga as practice of mindfulness and wellbeing.

SSMV approach

SHRI SHANKARACHARAYA MAHAVIDYALAYA have geared up to add the concepts of Yoga as practices of wellness and quality life. New Education policy recognizes Yoga as one of the curricular activities within the college atmosphere with recommendation for organizing yoga training in regular basis.

What Are Yoga and Meditation?

Yoga path improves everyday fitness routines, better postures, strengthens the immunity and energy levels are significantly improved. It is fast becoming a method of choice for effective weight loss and daily stress reduction. Traditional Yoga has eight limbs the first four limbs are Yama, Niyama, Asanas, Pranayama. Pratyahara (5th Limb) is considered the bridge

between External Yoga and Antaranga Yoga /internal Yoga. Antaranga Yoga consist of- Dharana, Dhyana, and Samadhi.

Meditation practice consists of no exercises or bodily movements. An individual sits at a definite place and tries to focus the energies within the body on a particular object, sound, breath etc. Essentially, meditation is a part of yoga, which is mostly performed after Yoga asana practice.

Modules Offered

- Yogic principles help to strengthen and develop positive health enabling us to withstand stress better.

Outcome

- Yoga has also been seen to improve indices of risk in adults with type 2 diabetes, including glucose tolerance and insulin sensitivity, lipid profiles, anthropometric characteristics and blood pressure.
- Students will demonstrate decision-making, goal-setting, problem solving, and communication skills by meditation.
- Yoga helps you in all-around fitness
- Yoga benefits in weight loss
- Yoga is one of the best solutions for stress relief
- Yoga helps for inner peace
- Yoga Improves Immunity
- Practice of Yoga Offers Greater Awareness
- Yoga improves relationships
- Yoga Increases Energy
- Yoga Gives you Better Flexibility and Posture
- Yoga helps in improving intuition

22.4.2023

Chakravahini Club of Shri Shankaracharya Mahavidyalaya visited Shri Krishna Gaushala Jeev Raksha Kendra, Chhatagarh. 22 April 2023 was a very auspicious day in which there was a wonderful combination of Akshaya Tritiya of Hindu community, Eid of Muslim community and fasting of Jain community. According to the Puranas, 33 crore gods and goddesses reside in Gaumata. Cow protection campaign is being run all over India. The state government is also running a campaign on Narwae Garuwae, Ghuruae Bari.

Principal of Shri Shankaracharya College, Dr. Archana Jha and Dean Academics, Dr. J. Durga Prasad Rao honored the director of Cow Seva Kendra, Shri Kantibhai Parakh by gifting him saplings, quince and shawl. The veterinarian present there was also honored by the plant.

All the members of Chakravahini Club visited Chhatagarh Gaushala. The director of this center, Mr. Kantibhai Parakh, while providing detailed information about the cow service center, said that those cows which are caught while being taken to the slaughter house are kept here and the accident prone and sick cows and buffaloes are served.

On this occasion, Principal of Shri Shankaracharya Mahavidyalaya, Dr. Archana Jha said that we all should connect with nature. Cow is the only animal whose rearing has been mentioned in the scriptures. The glory of cow's milk is well known. Cow's milk is most important for the baby after mother's milk as it is easily digestible and healthy. Scientists have also proved that diseases can be treated with cow urine. Various types of diseases can be cured by touching cows.

Dean Academic of the college, Dr. J. Durga Prasad Rao stressed on providing employment opportunities to the people through this cow shed. He said that through all this, while we will always remain connected to nature, we will also provide maximum employment to the people.

The director of the cow shed said that the services of trained doctors are provided 24 hours a day and he also said that the cow service center also receives grants from the Chhattisgarh government. A total of 470 cows are served in this centre. Organic fertilizer is made from their dung. The Gauseva Kendra earns income by selling this manure. Which is used in the operation of the service center. He also told that 350 containers are given free of cost for cremation.

A unit to generate electricity from cow dung gas has also been established and a hospital is also being constructed in the Cow Seva Kendra. In which the sick and accident prone cows coming here can be treated in a better way. Donation was made by Prerna Teachers Association of the college to support the cow service center.

In this program, all the members of Chakravahini Club, Dr. Rahul, Dr. Sunil Srivastava, Dr. V along with Dr. Sandeep Jaswant, Mr. Anil Menon, Dr. KJ Mandal, Dr. Vandana Singh, Mrs. Purnima Tiwari, Dr. Lakshmi Verma, Mrs. Kavita Kushwaha, Mrs. Sharmistha Pawar, Ms. Shreya Paul, Ms. Harsha Singh Bais. David Ghanshyam Sahu and Ramesh Paswan and other members were also present.

22.4.23

Sakora distribution by Chakra Vahini Club of Shri Shankaracharya Mahavidyalaya on the auspicious occasion of Akshaya Tritiya, 22 April 2023, a very auspicious day in which there was a wonderful convention of Akshaya Tritiya of Hindu community, Parshuram Jayanti of Muslim community and fasting break of Jain community. But the Chakra Vahini Club of Shri Shankaracharya Mahavidyalaya, while cleaning the Smriti Nagar pond, distributed sacks to the public and common passers-by also distributed sacks filled with water and grains on the threshold and roof of their houses to quench the thirst of animals and birds. In this scorching heat, animals and birds do not get food and water, due to which lakhs of animals and birds die untimely every year. We all are human beings and as humanity, we have to create awareness among the people by doing this sacred work ourselves. These sakores should be publicized and received by the college through Jeev Daya Samiti. Shri Shankaracharya College has always been conscious of its work. The guests invited to the college are also given plants and seats as gifts, which shows their awareness towards the environment. Accepting the award, Mr. Nagendra Nath Shukla appreciated the work of the college and recited a self-composed poem on nature. Mrs. Usha Mishra, Mr. AK Singh, Mr. Sinha and others who came for a morning walk also accepted the importance of environmental protection. Expressed her consent to arrange food grains and water for animals and birds. On this occasion, Principal of Shri Shankaracharya Mahavidyalaya, Dr. Archana Jha said that at present, various species of birds like sparrows, eagles, crows are becoming extinct, this is very important in the protection of the environment. They play a role, hence it is mandatory for us to protect them. On this occasion, all the members of Chakra Vahini Club, Dr. Rahul, Dr. Sunil Srivastava, Dr. V.K. Kushwaha Asharmishtha Shreya, Harsha David, Ghanshyam Sahu and Ramvilas Paswan and other members were also present.

Video making and presentation on “history of internet”

1960, this is the year in which the internet started to share information s a way for government researchers. And, the first known MODEM and data phone were introduced by AT&T. The students of computer science department of Shri Shankara Mahavidyalaya decided to hold an event to discuss and interact on the topic of “History of Internet”. The event was hosted by students of BCA 1st year they shared their thoughts and opinions. The first recorded description of the social interactions that could be enabled through networking was a series of memos written by J.C.R. Licklider of MIT in August 1962 discussing his “Galactic Network” concept.

Then all the participants were invited to share their respective presentations. They also clarified some about Video Making on how internet evolved right from 1960 till now. Then the HOD of Computer Science Department concluded the event by sharing his thoughts on this topic and also thanked the students for showing their interest and making this event a success.

“Quiz competition”

The event was organized by the students and teachers of the computer science department of shri shankara mahavidyalaya with the intention of testing student’s knowledge in specific fields like general knowledge, spirituality, technology, ancient Indian history and current economic status and gdp of our country. But the greater aim behind this was definitely to make students gain extra information via these interactive rounds. So the host started with the first round of basic questions which were mcqs (multiple choice questions). Then the next round was answer in one word round where the participants were not given options. This round was the most interactive but the third round was the most entertaining one as it was an audio guessing round where they had to guess the song by its initial 15-30 seconds and then they had to answer the questions which were not just guess the singers but also was guess the composer , music label or other artists. This round just held the audience’s attention and they enjoyed to their fullest.

The next and the last round was the rapid fire round where each of the teams had to answer 5-6 questions of each of the topics discussed above like spirituality, history , tech industry, finance etc. And each of them have to be answered in 15 secs. This round was excellently won by one of the teams from the department which was the team on the left, team b.

“The Intersection of Mathematics and Deep Learning (Machine learning)”

The students of the computer science department of Shri Shankaracharya Mahavidyalaya decided to hold an event on the topic of “The Intersection of Mathematics and Deep Learning (Machine learning)”. The event was hosted by students of BCA 1st year.

The intersection of machine learning and mathematical logic — spanning computer science, pure mathematics, and statistics — has catalysed recent advances in artificial intelligence and deep learning toward solving complex problems with predictive models. Math helps in understanding logical reasoning and attention to detail. It enhances your ability to think under pressure and increases your mental endurance. Mathematical concepts give the real solution of hypothetical or virtual problems. It is about structure and developing principles that remain true even if you make any alteration in the components.

Then the HOD of the Computer Science Department concluded the event by sharing his thoughts on the respective topic and also thanked the speaker for gracing the occasion and also the students for showing their interest and making this event a success.

Name of Activity: One-Day Seminar on “Digital Marketing”

Date: 27/09/22

“In the world of Internet Customer Service, it’s important to remember your competitor is only one mouse click away.”

The students of the computer science department of Shri Shankara Mahavidyalaya decided to hold an event to discuss and interact on the topic of “Digital Marketing”. The Chief Guest was invited to share his valuable thoughts on this up-to-the-minute topic which aided students to develop their career in Digital Marketing.

Then the HOD of the Computer Science Department concluded the event by sharing his thoughts on this topic and also thanked the students for showing their interest and making this event a success.

Name of Activity: "Google Day"

Date : 01/10/22

We celebrate Google Commemoration Day on **September 7** each year. Google is celebrating its 23rd birthday today, September 27, with a special doodle on the homepage. The event was hosted by students of BCA 1st and 3rd year they shared their thoughts and opinions. The Chief Guest was invited to share his valuable thoughts on this day which abetted students to gain knowledge.

Then the HOD of Computer Science Department concluded the event by sharing his thoughts on this topic and also thanked the students for showing their interest and making this event a success.

Name of Activity: "awareness of mental health"

Date : 15/10/2022

10th of October every year is celebrated as mental health day across the globe and on the 15th of October, 2022, the students of the computer science department of shri shnakara Mahavidyalaya decided to hold an event to discuss and interact on the topic of mental health. The event was hosted by students of BCA 1st year they shared their thoughts and opinions on the mental health of students and tried to explain the urge to talk about the topic of mental disorders taking a toll on the students due to the unhealthy competition among them.

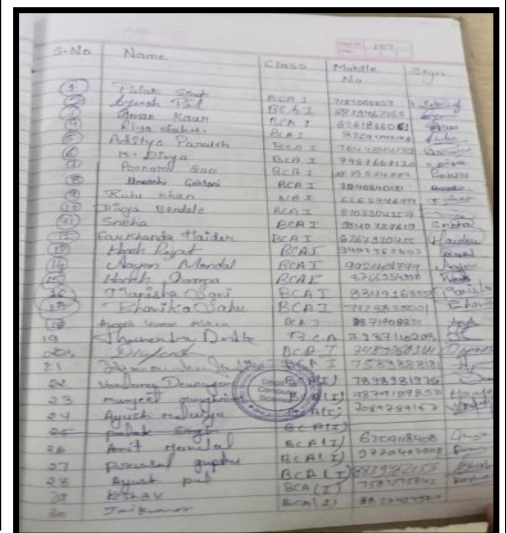

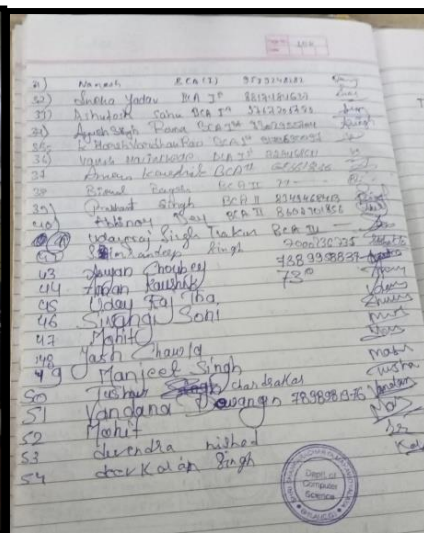

The next person very well explained how some sensitive life instances affect one's mental state by sharing his personal story. His words were indeed very touching and impactful.

After this, the next person was invited to share her content and she did proper research on what are the symptoms and outcomes of a mentally ill person she then discussed each of the topics that affect people's mental health and explained each of them in detail and with proper clarity. She discussed topics like social media, male and female insecurities regarding their bodies, friend circles, smoking, drinking, etc. Then she concluded her speech with some ways to overcome those illnesses without therapy.

And her speech took the maximum time of the event and finally the HOD sir of the computer department concluded the event by expressing his emotions on the successfully held event and gave all the people some great and generous advice on how each of them presented their views on the topic and how the audience should extract the essence of that content.

Name of Activity: “Web development project “

Date: 12/11/22

The event was the outcome of a given task to the students of first, second, and third-year students of the BCA (bachelors of Computer Applications) department specifically to create a website with all its important elements like a home page, images, questions forms, etc. The task was very well accomplished by the students of the 2nd and 3rd years of the BCA department. The first presentations were shown by the students in 3rd year who had put tremendous efforts into making their website which was mainly for tourist attraction. The layout and the presentation of the website were stunning and so was the content. Similarly, the next websites displayed were from first and second-year students, which primarily focused on the local yet spiritual and ancient tourist places. The colors and the font types that they chose were exceptionally outstanding. After all the websites were shown, our honorable head sir, Mr. Devraj Thakur, ended the event with a positive note to motivate the participants and cheer them up. Thus, the event ended with a positive enthusiasm in students.

Name of Activity: “celebration of computer literacy day”

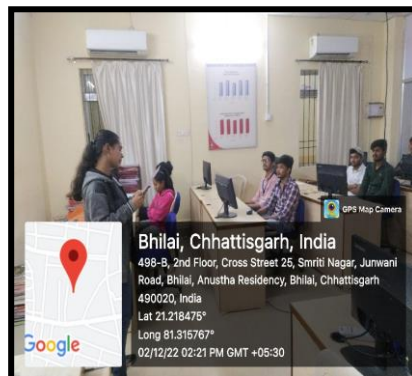

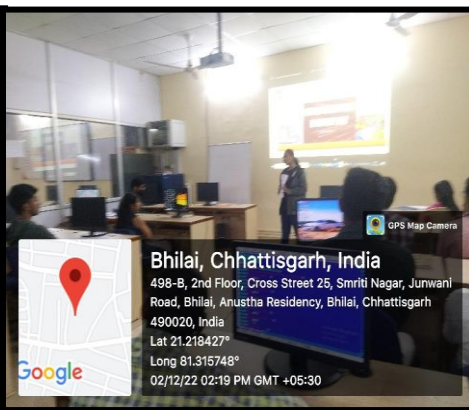

Date : 2/12/22

On the occasion of computer literacy day on december 2nd , 2022 , the computer science department Shri shrishankara mahavidyalaya organised an event in order to provide some valuable information on computer literacy. The first event was held by shivangi soni , she gave an introductory speech on computer literacy informing about basic computer knowledge and mentioning the difference between computer and digital literacy.

Computer literacy is defined as the knowledge and ability to use computers and related technology efficiently, with skill levels ranging from elementary use to computer programming and advanced problem solving. Computer literacy is defined as the knowledge and ability to use computers and related technology efficiently, with skill levels ranging from elementary use to computer programming and advanced problem solving.

The next presentation was presented by riya sahu which was a presentation on generations of computers created by ayush singh rana , thanendra singh and himanshu. The well designed presentation was presented even more gracefully and the audience listened patiently and showed their maximum interest in the topic.

Then the program was headed by the head sir of our computer department via a short and wrapping conclusion.

Name of Activity: “Benefits of Computer Literacy”

Date : 07/12/22

“Computers are omnipresent and Digital Literacy is requisite” Keeping this in consideration the Department of Computer Science through Power Bytes – Computer Club hosted this event on 12th November 2022 which was aimed to create awareness and encourage the students about the efficiency use of computer science domain in their day-to-day life, and also motivating them to learn new skills in the domain.

World Computer Literacy Day was first marked in 2001 by an Indian company, the National Institute of Information Technology (NIIT) to celebrate the 20th anniversary of the institute. The day was initiated in response to a study that said that the majority of computer users in the world are men. All the students were enlightened by the progressive speech given by our guest speaker. Then the program was headed by the HOD sir of our computer department via a short and wrapping conclusion.

Name of Activity: “Use of Mathematics in Computer Programming”

Date : 08/02/23

The students of computer science department of Shri Shankaracharya Mahavidyalaya decided to hold an event on the topic of “ Use of mathematics in Computer Programming ”. The event was hosted by students of BCA 1st year .The guest speaker for the session was Mr. Suresh Kumar Thakur HoD , Department of computer Science from Indira Gandhi Govt. P.G College, Vaishali Nagar , Bhilai (C.G.).

Then the speaker told the students how mathematics is used in computer programming. It is used in an array of computer science areas, including creating graphs or visuals, simulations, problem-solving applications, coding in applications, creating statistic solvers, and the design and analysis of algorithms. Then he explained the 5 types of math used such as binary mathematical, statistics, calculus, college algebra, discrete mathematics. Then he shared the importance of learning mathematics with the students and finally he concluded with the implementation relating to daily life.

Then the HOD of Computer Science Department concluded the event by sharing his thoughts on the respective topic and also thanked the speaker for gracing the occasion and also the students for showing their interest and making this event a success.
