CAREER COUNSELING

Career counseling

Career counselling guidelines for College Students offered by Shri Shankaracharya Mahavidyalaya Junwani Bhilai time to time. Career counselling is a process that takes you through a series of experiences to help you make the right decisions considering core components like your interests, family values, culture, abilities and personality. Career Counselling is a process that focuses on helping one understand one's own self, as well as work trends, so that one can take an informed decision about career and education. Career Counselling helps manage a diverse range of problems such as low concentration levels to poor time management, trust issues with family to non-agreement between parents and children on which career to choose. It involves gaining new knowledge about yourself which ultimately, positively affects your decisions related to career. It etches out a roadmap for individuals to follow for a suitable career growth.

Competitive exams

Students preparing for the competitive exams have to get their basics perfect. It requires thorough study of the subjects. Because these kind of exams will give more importance to conceptual understanding rather than rote learning. So, students who prepare for competitive exams get to study their subjects well and get deep understanding of the curriculum. Therefore, Shri Shankaracharya Mahavidyalaya Junwani Bhilai conduct special classes for competitive exams preparation in summer vacation.

Competitive exams help in improving certain skills like –

Logical reasoning and problem solving skills: When students prepare for the exams, they learn the subjects by solving lot of practical problems. This kind of practice gives them the ability to approach the topic from different ways and enhances their analytical skills.

Language Skills: Some exams like spell bee mainly focus of improving English language learning skills.

Overview

The purpose of a comprehensive developmental guidance and counseling program in a college setting is to promote and enhance the learning process. To that end, a comprehensive developmental guidance and counseling program facilitates student development in three broad areas.

SSMV approach

Shows the right career path: – Career counselling helps in choosing the right career path that is the most suitable according to an individual's characteristics.

Insight about ourselves: – We discover ourselves after going through counselling. We find our strengths and weaknesses and how we can work on them.

What Are Career counselling?

Career counselling is understanding and assessing another individual's concern, strengths, interests, and capabilities, to guide them in making and implementing informed

educational and career choices. The process helps in developing an individual's competencies in self-knowledge, educational and occupational exploration, and career planning.
